

# S-D·CSD

Battery Driven  
Submersible Pump

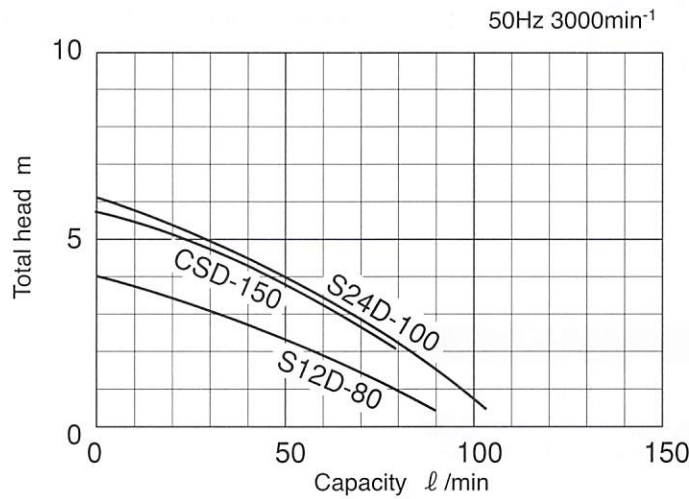

## Features

- The main body is extra-compact and light-weight.
- A battery is used as the power source.
- The Oil bath mechanical seal guarantees reliable sealing and long service.
- Resin and stainless steel are adopted in all parts contacting liquid (CSD).

## Uses

- Ship
- Agriculture

## Performance Curve

## Specifications

50Hz 3000min<sup>-1</sup>

Bore mm	Model	Capacity l/min	Totalhead m	Output W	Voltage V	Weight kg
25	S12D-80	Max. 90	Max. 4	80	DC12	3.8
	S24D-100	Max. 105	Max. 6	100	DC24	3.8
	CSD-150	35	4.5	150		3.3

## Size

- S12D-80
- S24D-100
- CSD-150
